Hubei Fuhan Wood Industry (Group) Development Co., Ltd.

Booth Number: 1T1

Company Profile: Fuhan Wood Industry was originally established in 1956 as the Hubei Provincial Wood Corporation, affiliated with Hubei Liantou (a Fortune 500 company). With a registered capital of RMB 1.481 billion and assets nearing RMB 7 billion, it operates eight subsidiaries. In 1992, the company produced China's first fine wood panel, earning the National Science and Technology Progress Award, and holds over 70 patents, establishing itself as a key leader in the forestry industry. Currently a full-industry-chain enterprise, it adheres to green development principles and strives to become the industry leader and a pioneer in digital transformation.

Hubei Jumao Wood Industry Co., Ltd.

Booth Number: 1T42

Company Profile: Established in 2020, Hubei Jumao Wood Industry specializes in mid-to-high-end thin particleboard. As China's first provincial-level leading enterprise to achieve mass production with the most comprehensive product portfolio, it operates Hubei's first Yalian flat pressing line. Its products meet ENF/F four-star environmental standards and hold international certifications including FSC. The company collaborates strategically with top home furnishing brands, focusing on healthy, eco-friendly panels for high-end customization and engineering applications.

Deju New Materials

Booth Number: 1T6

Company Profile: Hubei Deju Decoration Materials was established in June 2023 in Hong'an County, Huanggang (near Wuhan), specializing in the processing, production, and sales of artificial panels. The company occupies over 100 mu of land and is equipped with 8 fully automated presses and 6 advanced PET production lines, each with an annual capacity of 4 million panels. Its products meet environmental standards from E0 to ENF, utilize a diverse range of base materials, and have partnered with renowned brands such as Tubaobao and Jiangshan Oupai, committed to delivering high-quality panels.

Hong'an County Haojie Stainless Steel Products Co., Ltd.

Booth Number: 1T6

Company Profile: Jin Haojie is located in the Huanggang Hong 'an Mi' er New Industrial Park (covering an area of 20,000 square meters). After eight years of R&D and trademark registration, the company specializes in the production of stainless steel integrated cabinets and custom solutions, offering complementary product lines such as wardrobes and wine cabinets. Its products are manufactured from 304 stainless steel colored plates, refined through over a dozen processing steps combined with honeycomb aluminum technology, delivering advantages including durability, formaldehyde-free environmental friendliness, and resistance to insects, moisture, and radiation. We cordially invite you to visit our factory for an inspection and consultation!

Hubei Ningfeng New Materials Technology Co., Ltd.

Booth Number: 1T6

Company Profile: Ningfeng Group was founded in 2003 and serves as the vice-chair unit of the China Forest Products Industry Association. It operates 10 production lines with a total annual production capacity of 4 million m^3 of engineered wood panels. The company offers a comprehensive range of product specifications and meets all environmental protection standards; its 1mm ultra-thin panels have been awarded the First Prize of the National Forest Products Science and Technology Innovation Award. In 2022, Hubei Ningfeng established its largest production base in Hong'an with an investment of 1 billion yuan, equipped with internationally advanced machinery and capable of producing 500,000 m^3 of ultra-strong particleboard annually.

Hubei Xinjiayuan Industry and Trade Co., Ltd.

Booth Number: 1T6

Company Profile: Hubei Xinjiayuan Industry and Trade was established in 2013 in Hong' an, with a total investment of 130 million yuan and a site area of 130 mu. The company is equipped with fully automated production lines and high-precision cutting equipment, achieving an annual production capacity of over 20,000 tons. It has been recognized as a National High-Tech Enterprise and a Specialized, Refined, Unique, and Innovative Enterprise, holds multiple international management system certifications, and collaborates with numerous renowned home furnishing and automotive manufacturers. Its subsidiary, Xinshen Home Furnishing, specializes in export-oriented compressed furniture products, which are exported to Europe and America.

Golden Home Furnishing

Booth Number: 1T6

Company Profile: Gold Medal Kitchen Cabinet, founded in 1999 and listed on the Shanghai Stock Exchange (603180), specializes in whole-home customization. With nearly 4,000 specialty stores worldwide covering various home furnishing categories, the company operates five major smart manufacturing bases in China and overseas satellite factories, boasting leading production capacity. Through long-term strategic partnerships with top-tier real estate developers, it has consistently been recognized as the industry's preferred brand, with its products exported globally, committed to delivering high-quality home customization solutions.

Wuhan Zhujie Future Building Materials Technology Co., Ltd.

Booth Number: 1T6

Company Profile: Established in 2025 with a registered capital of RMB 30 million, Wuhan Zhujie Future Building Materials specializes in the research, development, and production of ultra-high performance concrete (UHPC), aiming to become a global industry leader. Its Hubei Hong'an facility spans 20,000 mu (approximately 1,333 hectares), with a daily production capacity of 5,000 square meters per shift. Leveraging over a decade of technical expertise, the company holds multiple proprietary intellectual property rights and unique formulation processes, delivering green, low-carbon solutions and millimeter-level precision engineering to drive sustainable development in the construction industry.

Hubei Xinjiayuan Industry and Trade Co., Ltd.

Booth Number: 1T6

Company Profile: Hubei Xinjiayuan Industry and Trade was established in 2013 in Hong' an, with a total investment of 130 million yuan and a site area of 130 mu. The company is equipped with fully automated production lines and high-precision cutting equipment, achieving an annual production capacity of over 20,000 tons. It has been recognized as a National High-Tech Enterprise and a Specialized, Refined, Unique, and Innovative Enterprise, holds multiple international management system certifications, and collaborates with numerous renowned home furnishing and automotive manufacturers. Its subsidiary, Xinshen Home Furnishing, specializes in export-oriented compressed furniture products, which are exported to Europe and America.

Wuhan Fujia Decoration Lines Co., Ltd.

Booth Number: 1232-1233

Company Profile: Wuhan Fujia Decorative Line Co., Ltd. boasts advanced equipment and professional technical expertise, specializing in the research, development, production, and sales of baseboards and decorative trim lines. The company has established two renowned brands: Gukaliwei Baseboards and Lucky Line Decorative Lines.

US Mail Technology (Hubei) Co., Ltd.

Booth Number: 1242

Company Profile: Meiyou Technology (Hubei) Co., Ltd., established in 2025, specializes in the research, development, and production of power rail systems and socket adapters. It serves customized home furnishing companies, office furniture manufacturers, glass partition suppliers, and real estate developers, providing comprehensive solutions to various power distribution and architecture challenges.

Hubei Fengchuang Metal Engineering Co., Ltd.

Booth Numbers: 1230-1231

Main products: Custom stainless steel cabinets

Hubei Yazhifeng Home Furnishing and Building Materials Co., Ltd.

Booth Numbers: 1110,1111

Company Profile: A cutting-edge high-end decorative materials enterprise integrating production, R&D, sales, design, and construction. Its subsidiary Youjijia is a leading brand in interior wall renovation, specializing in mid-to-high-end modular background walls—including carbon crystal panels, impact-resistant panels, fire-resistant panels, SPC honeycomb aluminum panels, and matching wood doors—with a wide range of textures such as wood grain, stone grain, and PET high-gloss finishes. The company offers integrated, color-coordinated solutions for entire homes, dedicated to delivering convenient, eco-friendly, and stylish living experiences.

CaiCai Software

Booth Numbers: 1032,1033

Company Profile: Founded in 2009, Xingeer is a National High-Tech Enterprise with sixteen years of expertise in the residential sector. It possesses multiple intellectual property rights, an R&D center, and a professional team, with business operations spanning industrial software, e-commerce platforms, and artificial intelligence. Its independently developed "SanTi" intelligent system enables end-to-end intelligent collaboration, serving over 300,000 factories and 2 million retail outlets, empowering industries through technological innovation while fulfilling its social responsibilities.

Shandong Yitong Solid Wood Furniture Materials Center

Booth Number: 1221

Company Profile: Established in 2001, Yitong Solid Wood is located in Linyi, the logistics capital of China. With a total investment of 300 million yuan and covering an area of 300 mu, the company produces 400,000 cubic meters of plywood and 50,000 sets of custom furniture annually. It operates six major production bases specializing in base panels, veneer finishes, solid wood composite materials, and solid wood finishes. Its product range includes multi-layer boards, veneer finishes, solid wood veneers, eco-boards, and matching trim strips. All products originate from a single source factory, with nationwide logistics coverage.

Wuhan Xiongjunyu Decoration Materials Co., Ltd.

Booth Numbers: 2217-2218

Company Profile: Junyu prioritizes independent R&D, having developed various precision tools for manufacturing specialized products. The company offers over a hundred varieties across more than ten product series, including corner lines, flat lines, decorative corners, ceiling molding corners, light panels, reliefs, beam supports, and Roman columns. These products are highly favored by consumers for their eco-friendly materials, smooth surfaces, clear patterns, strong three-dimensional appearance, high durability, and ease of installation. In 2016, the company's first gypsum line production line was successfully commissioned in Wuhan following rigorous testing; the second gypsum production line commenced operations in 2017. With a factory area of 6,000 square meters, the company produces over 3 million meters of gypsum lines annually, significantly boosting production capacity to meet large-scale customer orders.

Hebei Yaning Decoration and Renovation Engineering Co., Ltd.

Booth Number: 2228

Main products: aluminum profile honeycomb edge banding strips, edge trim pieces, profile square channels, aluminum clamping plates, etc.

Zhongshan Jin Shifu Handicrafts Co., Ltd.

Booth Number: 2008

Company Profile: Specializing in brass cultural and functional products, we craft copper ornaments, pendants, and automotive accessories by blending traditional brass craftsmanship with contemporary design, highlighting the distinctive texture and charm of brass artifacts.

Shandong Yuncheng County Zhongxing Wood Industry Co., Ltd.

Booth Number: 2009

Company Profile: Established in 2018 and located in Heze City, Shandong Province, Shandong Yuncheng County Zhongxing Wood Industry Co., Ltd. specializes in wood processing and the production of wood, bamboo, rattan, palm, and grass-based products.

Hui En Wood Industry (Heze) Co., Ltd.

Booth Number: 2207

Company Profile: Gui'en Wood Industry Co., Ltd. is a township enterprise located in Dahuangji Town, Mudan District, Heze City, Shandong Province. Established in 2020, the company originated as a small-scale workshop engaged in the harvesting and processing of tung and poplar timber.

Linyi City Mingle Shang Wood Industry Co., Ltd.

Booth Number: 2202

Company Profile: Established in 1999, Linyi Mingle Shang Wood Industry Co., Ltd. has specialized in the wood decoration sector for 25 years. The company primarily produces products such as curved lines, skeletal lines, and grid panels, boasting a modern production base and advanced manufacturing lines with stable annual output. Its products are widely sold across China. Having earned trust through high-quality products and services, the company participates in setting industry standards and leads industry development, establishing itself as a key player in the decorative building materials sector.

Jinhengtai Building Decoration Engineering Co., Ltd.

Booth Number: 2210

Company Profile: Jinhengtai Doors and Windows is a comprehensive enterprise specializing in the development, production, and sales of aluminum alloy doors and windows. Equipped with a professional technical team and advanced facilities, the company primarily focuses on sliding doors and windows, swing doors and windows, and sunrooms.

Hubei Huasheng New Artificial Board Co., Ltd.

Booth Number: 2T26

Company Profile: Hubei Huasheng is committed to becoming a world-leading high-quality supplier of healthy home building materials. Guided by the principles of innovation, coordination, environmental protection, sustainability, and shared development, the company actively pursues energy conservation and emission reduction, develops the integrated wood-based panel industry, and strives to elevate its operations to a high-end, branded level. It seeks harmonious development among employees, the enterprise, and the social environment, aiming to become an industry-leading, high-tech, and innovative environmental enterprise by building strengths in resources, innovation, and brand to achieve leapfrog growth.

Hubei Hongwei Decoration Materials Co., Ltd.

Booth Number: 2T45

Company Profile: Hubei Hongwei Decoration Materials Co., Ltd. specializes in manufacturing stone crystal integrated wall panels and matching trim strips, PVC trim strips, elevator door frames, and other decorative materials. Our products are formaldehyde-free, waterproof, fire-resistant, feature stable dimensions, and are easy to install and DIY. Adhering to an eco-friendly, low-carbon, and stylish development philosophy, we provide premium solutions for home wall decoration.

Zhonglin Huazhong Plate Materials

Booth Number: 2T13

Company Profile: Zhonglinhua International Wood Industry is a state-owned mixed-ownership enterprise controlled by a central state-owned enterprise. It was established in Ruichang, Jiangxi in 2014 and operates a 6,000-mu (approximately 1,000 hectares) home furnishing industrial park with a total investment of 15 billion yuan. Leveraging the resources and geographical advantages of a central state-owned enterprise, the company has built the "Zhonglinhua Central China Board" brand, adheres to environmental protection and quality standards, earns trust through cost-effective products, and fulfills its mission as a central state-owned enterprise to provide high-quality, healthy home furnishings for the public.

Weimeng Wood Industry

Booth Numbers: 2601,2605

Main products: Custom-made matching door panels, mixed-oil baked paint, etc.

Linyi Jinque Shangpin Home Furnishing Co., Ltd.

Booth Number: 2017

Company Profile: Jinque Shangpin All-Aluminum Home Furnishings is located in Luozhuang, Linyi, with a decade of expertise in whole-house customization. As an integrated manufacturer covering R&D, production, sales, and service, it specializes in dual product categories: all-aluminum and 304 stainless steel. Its core offerings include eco-friendly honeycomb panel cabinets and doors, which are formaldehyde-free, moisture-resistant, and durable. The company provides one-stop solutions suitable for diverse applications, earning nationwide customer trust through its meticulous craftsmanship and excellent cost-performance ratio.

Hubei Juechen Craft Co., Ltd.

Booth numbers: 2603,2701,2702

Company Profile: Established in 1995, this enterprise has dedicated 30 years to the fields of landscape architecture, ancient architecture, wood carving crafts, and landscape sculpture. It is a wholly-owned company integrating research, production, and sales. Guided by its founding principle of "Devotion to Craftsmanship, Inheritance and Innovation," it has been recognized as a protected intangible cultural heritage site and a provincial cultural industry demonstration base, boasting multiple production departments and fixed assets totaling 80 million yuan. By innovating within traditional craftsmanship, the company operates across diverse sectors including sculpture, cultural tourism, and cultural creativity, catering to diverse aesthetic and lifestyle needs.

Wuhan Oke Wood Industry Co., Ltd.

Booth Number: 2T56

Company Profile: Established in 2007 and located in Wuhan's Dongxihu District, Wuhan Ouke Wood Industry specializes in high-end eco-friendly interior door sets, fire-resistant doors, and formaldehyde-free wall panels. Equipped with advanced production lines and a professional team, the company achieves a monthly output of 20,000 units. Utilizing PUR edge sealing technology, its products feature moisture-resistant and stain-resistant properties with a light-luxurious minimalist design. Having obtained multiple certifications, the products are widely sold both domestically and internationally. Adhering to the principle of "quality first, customer foremost," the company is committed to collaborating closely with its clients.

Zhejiang Nuobang New Materials Co., Ltd.

Booth Number: 2007

Company Profile: Established in 2015 in Jiaxing, Zhejiang, our company specializes in PVC decorative films suitable for applications such as Boeing soft films, furniture color-changing films, wall panels, and cabinet panels. Equipped with a complete set of facilities including high-speed printing machines and laminators, our products range from 1000 to 1430 mm in width and 0.10 to 0.50 mm in thickness, with a monthly production capacity of 5 million square meters. Adhering to the principles of innovation, quality, and intellectual property protection, we sincerely seek partners to jointly expand the decorative materials market.

Guangdong Dinggu Jichuang Home Furnishing Co., Ltd.

Booth Number: 2T11

Company Profile: With 24 years of expertise in premium hardware, Dinggu is a comprehensive provider of customized hardware system solutions for entire homes. It offers six product systems across three major categories—door hardware, base hardware, and sliding door hardware—to meet the needs of door, wall, cabinet, and integrated home decoration. As a National High-Tech Enterprise, Dinggu adheres to its motto "Dinggu, Your Trustworthy Partner," creating value for customers through R&D innovation and premium services to enhance the quality of home living.

Hubei Bugao Home Furnishings and Building Materials Co., Ltd.

Booth Number: 2T25

Company Profile: Bu Aluminum Home is a leading manufacturer specializing in the R&D, production, and sales of all-aluminum home products. It operates 11 automated heavy-duty aluminum honeycomb production lines and has established chain production bases across six provinces, enabling localized shipping and efficient delivery. With a total factory area of 20,000 square meters and an annual output value of 80 million yuan, the company has served over 100,000 clients. Its proprietary brand panels undergo comprehensive quality control throughout the production process and come with a ten-year warranty. Guided by a win-win philosophy, Bu Aluminum Home leverages its robust capabilities to support its partners' growth.

Guangzhou Minggu Adhesive Co., Ltd.

Booth Number: 2229

Company Profile: Mingu adheres to the core values of "Innovation, Quality, Service," specializing in providing efficient and reliable adhesive products along with customized services. With a comprehensive R&D and quality control system, the company ensures product consistency and delivers customer-centric professional support. Committed to setting industry benchmarks in adhesion technology, Mingu enhances its technical and service capabilities to become a leading industrial adhesive enterprise, warmly inviting global clients to collaborate for mutual success.

Shanghai Zhiyu Intelligent Technology Co., Ltd.

Booth Number: 2602

Company Profile: Shanghai Zhiyu Intelligent Technology (established in 2016 with both registered capital and paid-in capital of RMB 10 million) is an innovative enterprise specializing in information transmission and information technology services. With extensive expertise across multiple sectors, it provides technical services, software and hardware R&D and sales, as well as intelligent building engineering solutions. Possessing numerous intellectual property rights, the company adheres to the philosophy of "innovation-driven, intelligence-enabled" to deliver digital and intelligent solutions for various industries, facilitating their transformation and efficiency enhancement.

Sophia Home Furnishings Co., Ltd.

Booth Number: 2T2

Company Profile: Hubei Tongcheng High-Tech Materials Co., Ltd. (formerly Hubei Hengsheng Organosilicone Co., Ltd.), established in 2012, is a high-tech enterprise integrating design, R&D, production, and sales. The company specializes in silicone sealant series for construction engineering while also developing premium adhesive products for specialized applications. It has obtained ISO 9001:2015 Quality Management System and ISO 14001:2015 Environmental Management System certifications.

Management System, ISO 45001:2018 Occupational Health and Safety Management System

Certified under ISO 50001:2018 for Energy Management System, with a Product Carbon Footprint Certificate and an Evaluation for the Integration of Informatization and Industrialization Management System.

China Enterprise Power Technology Co., Ltd.

Booth Number: 2022

Company Profile: An integrated enterprise encompassing R&D, production, sales, training, and delivery. Our products are supplied to major cities in countries such as the United States, Germany, the United Kingdom, and Australia. We have established strategic partnerships with leading national logistics providers and developed a comprehensive service system to deliver professional and attentive quality services to our end customers and consumers.

Yantai Hongqing Pre-Coated New Materials Co., Ltd.

Booth Numbers: 2230,2231

Company Profile: Yantai Hongqing Pre-coated New Materials was founded in 2004 and has specialized in membrane products for 22 years. It is a national high-tech enterprise with integrated R&D, production, and sales capabilities. The company primarily offers product lines such as metallic texture films and PET skin-texture films, suitable for applications in furniture finishing and whole-home customization. With a facility spanning 35,000 square meters and eight fully automated production lines, it boasts an annual production capacity of 18,000 tons. Having obtained over 10 national patents and ISO certification, it is a highly influential original supplier in the decorative film industry.

Hubei Tongcheng High-Tech Materials Co., Ltd.

Booth Number: 3T29

Company Profile: Hubei Tongcheng High-Tech Materials Co., Ltd. (formerly Hubei Hengsheng Organosilicone Co., Ltd.), established in 2012, is a high-tech enterprise integrating design, R&D, production, and sales. The company specializes in silicone sealant series for construction engineering while also developing premium adhesive products for specialized applications. It has obtained ISO 9001:2015 Quality Management System and ISO 14001:2015 Environmental Management System certifications.

Management System, ISO 45001:2018 Occupational Health and Safety Management System

Certified under ISO 50001:2018 for Energy Management System, with a Product Carbon Footprint Certificate and an Evaluation for the Integration of Informatization and Industrialization Management System.

Stable Adhesive for Large Ceramic Tile Panels

Booth Number: 3T36

Company Profile: An integrated enterprise encompassing R&D, production, sales, training, and delivery. Since its establishment, it has focused on developing new categories of tile adhesive for stone slabs and large tiles, positioning itself as a global innovator in this field. The company is committed to pioneering new adhesive categories and advancing industry standards. Its products are supplied to major cities in countries such as the United States, Germany, the United Kingdom, and Australia. It has established strategic partnerships with leading national logistics providers and built a comprehensive service network to deliver professional, attentive quality services to end customers and consumers.

Address: No.7-9, Building A21, No.78 Jihua West Road, Chancheng District, Foshan City, China

Large tile adhesive

Email:997041179@qq.com

Wuhan Hongling Zhongsheng Doors and Windows

Booth Number: 3225

Company Profile: Established in 2001, Hongling Doors and Windows Factory is a professional manufacturer specializing in various high-end door and window products. Headquartered in the beautiful 8D dream city of Chongqing, the company has established branches in Xi 'an, Guangdong, Guangxi, Yunnan, Guizhou, Chengdu, Hunan, and Hubei to better serve its customers. All products are manufactured using materials strictly selected in accordance with national standards. The company's product range includes: lift-off windows, top-folding windows, left-right folding windows, folding doors, KFC-style doors, office partitions, sunrooms, skylights, European-style canopies, children's invisible safety nets, light strip system sunrooms, honeycomb doors, multi-fold doors, and PT doors.

Chongqing Lao Wangu Gu Industrial Co., Ltd.

Booth Number: 3T18

Company Profile: Specializing in innovative green construction and auxiliary materials, this integrated enterprise combines R&D, manufacturing, sales, and technical services. It has established over 20,000 offline retail outlets nationwide, holding a leading position in the southwestern region. The Lao Wangu brand originated from its founder's vision to create durable and reliable home building materials, upholding core values of integrity, friendliness, and responsibility. Guided by its brand philosophy of honesty, perseverance, and commitment to trustworthiness, Lao Wangu is dedicated to delivering exceptional home building products.

Anhui Oudiluo Door and Window Technology Co., Ltd.

Booth Number: 3227

Main Product: Oudiluo Window Screen

Anshide Anti-Violence Home Door

Booth Numbers: 3228-3229

Company Profile: Anshide Anti-Violence Home Doors and Jiadebao Smart Locks are headquartered in Xiaolan, Zhongshan, Guangdong, integrating R&D, production, and sales. Utilizing internationally advanced technology and equipment while adhering to the ISO quality system, our products are renowned for their superior reliability and are widely sold both domestically and internationally. We sincerely invite partners for collaborative success.

Yigu Group

Booth Number: 3T41

Company Profile: Yigu Building Materials (established in 2009, Foshan) is a national high-tech enterprise and a hidden champion in building materials accessories, owning multiple brands including Yigu and Qiangbang. Its product range covers the entire spectrum of tile adhesive, waterproofing solutions, and joint sealants, offering one-stop accessory services and covered by Ping An Insurance. Core Advantages: As the standard-setter for tile adhesive, its Jin Gang tile adhesive exceeds national standards in bonding strength, with a "0 hollowing, 50-year anti-falling" system warranty and Ping An Insurance coverage for tile damage claims. The company has served national projects such as the Forbidden City North Courtyard and China's Tianyan, maintaining long-term partnerships with top-tier real estate developers like Poly and Country Garden, ensuring both technical excellence and a strong reputation.

Weschi Fan Hardware

Booth Numbers: 3012,3013

Company Profile: Our company specializes in manufacturing luxury handles, American-style handles, and other decorative hardware. Guided by the principle of volume-driven sales, we consistently uphold the tenets that quality is paramount and credibility serves as our guarantee. Committed to fully meeting customer needs and expectations, we persistently pursue quality improvement and innovation, implement a robust brand strategy, and deliver reliable quality assurance through advanced technology and scientific management.

Guangdong Province Yimu International Industry and Trade Co., Ltd.

Booth Numbers: 3523,3525

Company Profile: Guangdong Yimu International Industry and Trade, located in Lunjiao, Shunde, serves as a global procurement center for woodworking machinery components, consumables, and cutting tools, and is the national general agent for the Yiren brand. Specializing in the woodworking equipment supply chain sector, the company provides one-stop supply chain solutions for enterprises engaged in custom furniture manufacturing and solid wood processing. Its core product portfolio includes edge banders, cutting machine components, and diamond cutting tools. Leveraging a robust global supply chain, ample inventory, and efficient logistics, the company has earned widespread recognition from domestic and international clients and is committed to becoming a trusted comprehensive service provider in the industry.

Saohang Sanitary Ware

Booth Number: 3T25

Company Profile: Suohang Sanitary Ware delivers exceptional bathroom experiences through innovative technology and user-centric design. Its products feature exquisite aesthetics and practical functionality, offering options in minimalist-modern and elegant-retro styles to meet diverse needs. Backed by professional R&D and stringent quality control, each product boasts meticulous details and superior quality, making bathrooms synonymous with comfort and excellence.

Henan Province Guangsen Wood Industry Co., Ltd.

Booth Number: 3301

Company Profile: Guided by the philosophy of "Craftsmanship in Woodwork, Quality for Durability," Guangsen Wood Industry specializes in door and window frames and panel products, offering a range including baked enamel, carbon crystal, and solid wood multi-layer frames, as well as solid wood soundproof panels and engineered wood panels. Adhering to environmental and quality standards, the company leverages professional expertise, a robust production system, and attentive service to become the preferred supplier for home decoration, commercial decoration, and furniture enterprises, committed to achieving mutual success with its partners.

Guangdong Jianjia Home Furnishing Co., Ltd.

Booth Number: 3T26

Company Profile: Jianyi Sanitary Ware was founded in 2005 in the Chaozhou Ceramics and Sanitary Ware Industrial Belt. With nearly two decades of expertise in the industry, it is a large-scale integrated sanitary ware enterprise encompassing R&D, production, and sales. The company operates a modern production base spanning 400,000 square meters, where advanced equipment ensures a premium product quality rate. Its network includes four directly-operated factories that supply end-users directly, supported by a professional self-media team for customer acquisition, and backed by a 24-hour after-sales engineering team delivering comprehensive, high-quality services.

Zhejiang Langxing Door Industry

Booth Number: 3703

Company Profile: Zhejiang Yongkang Langxing Door Industry specializes in manufacturing and selling high-end eco-friendly paint-free doors, as well as security doors and steel/wood fireproof doors. Adhering to the philosophy of "First cultivate integrity, then pursue business success," the company upholds quality and credibility, striving to "craft products with meticulous craftsmanship and build a brand of excellence." We provide customers with premium products and comprehensive services, and sincerely welcome partnerships.

Oudu Bathroom Equipment

Booth Number: 3T23
